This villa is ideal for a quiet relaxing holiday with good shops and restaurants a short drive away, however the shops within the village sell most things and are within walking distance. Café Aman in the village is always an experience but a must for any visitor. The area is lovely. Been there three times now and never been disappointed.

It looked even better than the photos. This is a high quality place to stay in the quiet village of Anafotida a 20-30min drive from Larnaca airport. Our kids (8 & 6) loved the setting, especially the pool. All the bedrooms (3) have en-suite facilities and this is one of the best resourced villas we have stayed in. It was spotlessly clean. Easy to get about with a car, but local bus can take you to Larnaca. We especially loved the welcome and food at Cafe Aman in the village. The beach at Mazotos is great for sandcastle building in the early evening. Zophos the bakers in Anglisidies and the butchers opposite recommended. Water park in Ayia Napa – very hot - should have gone later in our holiday after we had acclimatised. Trip to Troodos was amazing though make sure your hire car can manage 1 in 9 hill climbs! We spent most of our time in the villa and the village with occasional trips out. Difficult to keep the kids out of the pool, but we thoroughly enjoyed our time here.

Everything was BETTER than expected & that is not due to low expectations. A very pleasant villa – reaching higher than already high expectations! Everything was great, with top standard, and modern design & functionality. Genuine & pleasant surroundings. The nearby village offering a wonderful restaurant, a supermarket with the necessities, and picturesque houses and lingering roads. Only a short drive to the sea & beaches, & larger villages/cities. Our extended family had a great visit – the younger ones, as well as the more seasoned ones!

Fantastic family friendly accommodation with all the home comforts you need! We stayed here over Easter and had a lovely quiet holiday. We have two teenage boys who loved the PS2 and all the books and games were a welcome addition to the accommodation when we had inclement weather. Villa has everything you need, is a real home from home. If you are looking for a villa with all your home comforts in a quiet location with lovely views overlooking the orange groves this is the perfect place.

Overall this was the best holiday we ever had, nice and relaxing the villa is best placed to look over the lovely mountains and its nice and quiet to relax. We had mainly gone for relaxation and not sightseeing and it was ideal. It was just as described in the photographs, nice and tidy and brilliant views. Once you know the routes accessing the main town and nearby sightseeing places it's easy. A lot of information is also at the villa previous AA guides and routes to nearby places, also the caretakers are really nice and helpful. Lovely weather though we travelled in Dec we had a nice sun until say 16:00, & even after that it didn't really get cold we had AC on most nights.

Chilled out in 37 degrees C ! Just had two weeks in this lovely villa, pleasantly situated in village enclave with traditional Cypriot life going on all around and yet visitors most warmly and genuinely greeted by everyone. If you want to escape, yet be really well located and within striking distance of almost anywhere in Cyprus, this is a great location. The villa is very very well equipped and very nicely situated. The evening sunsets from the veranda, with suitable drink in hand, reminded us every day that life is special and the world can be a beautiful place.

The holiday did exactly what we hoped it would do, it was relaxing, sunny, pool was bigger than it looked and much appreciated on a hot afternoon, Bert & Brenda (your caretakers) were gems. Great for the Airport (close), nice quiet location, but if you want to go anywhere you must have a car. Have already recommended you to friends. A greatly enjoyed holiday – thank you.

A lovely Villa set in a very nice area with open views from the garden. Very clean and well equipped. The people in the village are very welcoming. We went to café Aman which has a nice meze. The men went go karting which was excellent value for money and has a fab circuit. We will return and would recommend to anyone. Tracy made everything so easy for us to book.

A very well-equipped and spacious villa in a quiet and comfortable location. There were pleasant views with a sea breeze and nice people in the village and Café Aman had a great grill. Thanks again for the information booklet you provided. That was very helpful and we visited some great places in Cyprus and had some excellent meals. Your complimentary welcome pack was greatly appreciated too.

An excellent villa – very clean and well equipped. We travelled with teenagers and a 6 year old, who all loved the pool and the Play Station! In fact – we enjoyed the villa, the area and the St Christopher's Village development so much that we have immediately re-booked our 3-week holiday again for next year!

May 2010**

We had a wonderful week in May at Portokalia Villa. It was just what we had been looking for, a quiet luxury Villa furnished and equipped to a very high standard. The Villa's location is excellent, it enabled us to have a few quiet days to recharge our batteries but then it is only a short drive to the main motorway that gave access to all of the beautiful Island of Cyprus. We managed to see most of the Island from a day in the Troodos Mountains to the main resorts of Larnaca, Paphos and Ayia Napa, as well as discovering a few quiet beaches that we had to ourselves. We would return to the Villa in the evening, via the local supermarket for some supplies, if we had not dined out, to cook an evening meal and have a relaxing swim in our very own pool. I'm sure we will be back in the future for another enjoyable stay.

We stayed in Portokalia Villa in April of this year and it was a good choice of a place to stay. All the main resorts and attractions are within an hour's drive. It was beautifully furnished with everything we needed. A very peaceful location but within easy reach of Anglesides, where there are two supermarkets and a wonderful bakery. The pool was great, just what we needed after a hot day shopping in Larnaca and then relax on the sun beds afterwards. Thank you for a great time.
